School Health Research Network (SHRN) Survey – Information for Parents and Carers

Dear Parents and Carers,

We would like to let you know that our school will be taking part in the **School Health Research Network (SHRN) Student Health and Well-being Survey** during the autumn term.

The survey is being carried out by SHRN, a partnership involving Welsh Government, Public Health Wales and Cardiff University.

What will the survey involve?

Children in **Years 3 to 6** will be invited to complete a short online questionnaire during school time. It will take approximately **20 minutes**.

The survey has been developed with input from teachers, parents, carers and children across Wales. Children will not be asked for their names, and their responses will be **anonymous and confidential**.

Taking part is voluntary

Your child does not have to take part. If you are happy for your child to participate, **you do not need to do anything**.

If you do not want your child to take part, please contact the school **within two weeks of receiving this information**. Your child will then be given an alternative activity. Children will also be asked on the day if they are happy to participate and can choose not to take part.

Children can also skip any question they do not wish to answer or stop completing the survey at any time. Once a survey has been completed, however, individual responses cannot be withdrawn because they are completely anonymous.

How will the information be used?

The anonymous results will be used to help schools, local authorities, Public Health Wales and Welsh Government understand children's health and well-being and inform future improvements. Only grouped, anonymised findings will be reported; individual children's answers cannot be identified. The survey has received ethical approval through Cardiff University, and the information collected is stored securely in accordance with data protection requirements. If you have any questions, or would like to see a copy of the survey questions, please contact the school. The school should provide the questions at least two weeks before the survey takes place.

Cofion cynnes / Kind regards,

Mrs J Richards

Pennaeth / Headteacher
