# Aled Afal - Gwyrdd i Gychwyn

Mae Aled Afal yn gynllun hen ond mae wedi'i ailgynllunio a'i ddiweddarau i gynnwys testunau Cymraeg a Saesneg i blant ymarfer eu hysgrifennu estynedig. Yn Derbyn/Blwyddyn 1 a 2 mae'n canolbwyntio ar briflythrennau ac atalnodi cyn symud ymlaen i ddefnyddio iaith ddisgrifiadol. Erbyn iddynt gyrraedd blwyddyn 3 mae ganddynt ddealltwriaeth gryf o'r sgiliau hynny sydd yn galluogi nhw i adeiladu arnynt a'u cyflwyno i'r ysgrifennu Saesneg. Rydym yn dechrau gydag Alex ac yna Tish y ci ac yna ffrindiau Alex.

stories they are more easily remembered by the children. Opportunities for the children to **practise orally** new patterns and vocabulary in Welsh are essential. For example, when a class encounters a new word (e.g. Dyma) for the first time, the teacher should select a few children to take turns pointing to one of their peers and saying: "Dyma..." followed by his or her name. This process should be repeated

Before commencing each Medium Term Plan, the **Hide and Speak** game – gêm **Cuddio a Dweud** – needs to be played, developing oracy skills and gamifying the teaching and learning of grammar.

It is important that the methodology used in Green for Go: Motivation and Progress, is also adhered to when teaching Welsh.

As all nouns have a gender in Welsh, the children will enjoy learning the gender of specific objects in the classroom. For example, 'Y draws hwn' (This door). 'Y gadair hon' (This chair).

There is an additional opportunity here for teaching and learning. Three or four children in turn should be given opportunities to count four boys in Welsh: "Un, dau, tri, pedwar." Then the same children can count four girls: "Un, dwy, tair, pedair."
