Language, Literacy and Communication/ICT

This week for our Under The Sea theme, open the file 'Under the Sea Reading'. Read the sentence on each page and draw a picture to match what you have read. Use the ˃ arrow to move to the next page. If you like, you can record yourself reading the sentence by clicking on the microphone button and clicking the red record button. You can do this on each page.

Mathematical Development

This week we'll look at calculating change when paying for things with 10p

Complete the file called '**Change from 10p**' in your shared files on HWB.

First work out the amounts the coins make then calculate the change from 10p

Use your fingers to count and help you take away to find the change.

1 finger = 1p

So if the coins make 8p take 8 fingers (8 fingers = 8p) away from 10 fingers (10 fingers = 10p) then count the fingers left to find the change. Then work out which coins to use to make the change.

Practise giving change using real money at home.

Health and Wellbeing

For our Under The Sea theme this week, we can move and dance to Under The Sea themed songs. Follow the links for some songs/dancing videos.

If you like, make up your own dance for an Under The Sea themed song and video it and upload it to your HWB Account. You could do a Time to Move podcast called 'Ocean Life' and move like some sea creatures.

ICT

* Look at the picture 'Wonderful sea creatures' in your HWB files.
On JIT5, using the file called Under The Sea pictogram, create a pictogram by counting how many of each sea creature you can find in the picture.

Welsh Activity of the Week

Listen to the Welsh song 'O Dan y Môr' (Under the sea)
