Mathematical Development

This week we'll look at calculating change when paying for things with 10p

Complete the file called '**Giving change from 10p**' in your shared files on HWB.

Use your fingers to count and help you take away to find the change.

1 finger = 1p

So if something costs 3p take 3 fingers (3 fingers = 3p) away from 10 fingers (10 fingers = 10p) then count the fingers left to find the change.

Practise giving change using real money at home.

ICT
