*All children must be accompanied by an adult (due to space please limit to one adult only where possible).*

*Children from our school only can attend.*

*Please bring correct change if you can – to ease queues!!*

## WOW start to the term!

Across the school, children have been enjoying various WOW days linked to their topics this term. We have had a wide range of days – banquets, vet visits, Ancient Greeks defeating the minotaur, 'When I Grow Up', local history walk, Welsh food tasting and fire pits! These days engage and enthuse the children in their learning, stimulating interest and helping them raise questions. Thank you for supporting these days – they are certainly also great fun for the children.

Here are a few images!

The Four Purposes in action!!

## St Dwynwen's Day

Across the school children celebrated St Dwynwen's Day with different activities – including card making, writing the story as a comic strip and sending a cwtch!

## Year 1 begin Kerbcraft sessions!

Year 1 have started to learn about safety when they are using the school car park and streets. This is an important life skill and one which we hope will keep them safe. Look out for them practicing in their high vis jackets over the coming weeks.

## Safer Internet Week!

As a school we will be taking part in Safer Internet Day, Feb 7<sup>th</sup> with other activities during the week. With the very concerning news this week, regarding the young ages at which some children are accessing totally unsuitable content on line, including pornography, it is never more important that we protect our children. Whilst we will continue to teach the children in school, it is outside of

school that they are most vulnerable.

5 simple questions which may help

- Do I know **what** apps and games my child is using?
- Do I know **when** my child is online?
- Do I know **where** my child uses screens?
- Do I know **who** is able to contact my child online?
- Do I know **how** parental controls can help?

[www.internetmatters.org](http://www.internetmatters.org) offers good advice and guidance for parents and carers on these and other aspects around online safety.

## Red Nose Day

March 17<sup>th</sup> is Red Nose Day and we will be taking part as usual. This year, we have a Just Giving Page also for this event which you may like to use. This qr code will link to the page if anyone would like to donate in this way. We will be selling noses –

though these are only suitable for age 7+ this year.

Additionally, we will be accepting any donations on the day of course! Look out for more information soon.

## Dogs on school grounds

A reminder that dogs must not be on the school grounds nor in the car park as we have pupils who are afraid of them. Thank you.
