AKG

Dear Sir/Madam,

Ysgol y Castell - Design & Build New School

As you will already be aware we are the Principal Contractor appointed by Carmarthenshire County Council on the above project. You will also be aware that the current school facility has just reopened following a prolonged break due to the COVID 19 situation. Works on the project are currently progressing well in line with the programme.

The next stage of works for the project entails undertaking the concrete pour for the reinforced concrete slab for the new building prior to the erection of the timber frame. The works have been programmed over a period of 2 days with the aim of minimising congestion and keeping disruption to the local community at the lowest possible level. To further reduce the possibility of congestion it has been agreed that site activities to commence these works will start early on Saturday morning, 19th September, 2020. Works will continue throughout the day through to the evening. These works will be repeated and completed on Monday, 21st September, 2020.

Should you wish to discuss any of the issues raised in the letter with me you are welcome to contact me on **07791 225969**. If I am unavailable please leave a message on my answer phone along with your contact details or with a member of the team located at the office on **01269 861160** who will forward your message and contact details to me. The office operating hours are Monday to Friday - 8.00 a.m to 5.00 p.m. An answer machine will be in operation outside of working hours and over the lunch period. I will return your call at the earliest possible opportunity.

Yours faithfully,

Philip Stephens,
Site Manager.
