Learn to become an enthusiastic learner with us!

At Tairgwaith Primary School we are so proud of the caring ethos that we encourage throughout our school!

We are focusing on all stakeholders becoming ambitious, capable learners / enterprising, creative contributors / ethical, informed citizens / healthy confident individuals by promoting a positive attitude to learning.

We support our peers by being readily available to hear their views / concerns and act upon these by sharing information.

We also raise funds to support extra curricular activities and work towards supporting our local community.

Don't forget to view how we celebrate Seren Yr Wythnos on X / Twitter.
