Useful Telephone Numbers:

Anneliese Donovan (01639) 763363 – LEA Designated Child Protection Office

John Burge (01639) 763598 – Pupil Parent Support

What does safeguarding mean?

- Keeping children safe from harm such as illness, abuse and injury.
- Preventing impairment of children's health and development.
- Ensuring that children grow up in a safe and effective environment.
- Creating opportunities for optimal life chance in order to enter adulthood successfully.

What happens if we have a concern about a child?

All safeguarding concerns are recorded on 'My Concern' an on line secure platform that allows the school to build a chronology of concerns and offer appropriate advice or support where necessary, including support from outside agencies. Serious concerns regarding abuse or neglect will be reported immediately to Mr Cerith Humphreys or Mrs Lianne Vaughan, the Designated Child protection officers. They will decide upon the next course of action e.g. advice from LEA Safeguarding Officer, report to Social Services or contact the Police.

If there are concerns that the child may be at risk, the school must follow the procedures in the Child Protection policy.

How does Y.G.G Tyle'r Ynn keep my child safe?

It is the school's responsibility to ensure your child is safe and this is achieved in the following ways:-

- External doors are kept locked at all times and visitors must go to the main entrance and report to the office.
- Pupils are regularly reminded that they must never open the doors to visitors, not even their own parents.
- We ensure that all visitors sign in and sign out so that we know who is on the premises.
- All visitors wear a label to show that they have permission to be on the premises.
- Health and Safety checks are carried out by relevant staff and governors.
- Risk assessments are carried out prior to all off site visits and activities, as well as some school based activities.
- All staff are subject to DBS (Disclosure and Barring Service) checks prior to joining the school.
- All staff attend safeguarding and Child protection training.
- First Aid training for staff is regularly updated.
- The school has a Designated Child Protection Officer (Lisa Cox) and a deputy Child Protection Officer (Nerys Morgan).

Fire and Lockdown Procedures.

We conduct termly fire and lockdown drills. Practising fire and lockdown procedures is an essential part of keeping everyone safe in school. These drills help pupils understand what to do in an emergency, stay calm, and follow instructions confidently. By practising regularly, we ensure that both staff and children are prepared and protected, creating a secure and supportive learning environment.
