

Ysgol Gymraeg Trebannws Development Plan September 2025 - September 2026 (Year 1 of Target)

Priority 4	Question	<p>Expand the provision of the specialist unit offering support and learning through the medium of Welsh, ensuring that resources, qualified staff, and teaching plans are fully tailored to the needs of pupils.</p> <p>Priority Leader : Eleri Bevan Governing Member(s): Miss B Hewitt + Mr W Thomas</p>	
Why is this a priority – what does self-evaluation tell us we want to improve?			Success criteria – what will success look like after a year?
<p>The Unit will undergo a consultation process from September 2025 for a change to Welsh medium-only and the only one currently in NPT. <i>Therefore, it is necessary to ensure that the ethos of the classroom changes to be fully Welsh. In addition, following a lesson observation, there is a need to develop a maths area as part of the ongoing provision of the classroom and the enhancement of continuous provision for the wider area.</i></p>			<ul style="list-style-type: none"> - Children receiving education and assessments through the medium of Welsh - Staff have received the appropriate training - Modified plans (Following Rachel George Ysgol Maes y Coed's course)
