

School Development Plan: 2025-2026

School priorities have been established through a rigorous and inclusive process. They are informed by robust monitoring of teaching and learning, analysis of pupil progress data and evaluation of curriculum delivery. In addition, the school actively listens to the voices and opinions of pupils, parents, carers and governors through surveys, consultations and regular feedback opportunities. This collaborative approach ensures that priorities reflect the needs of the whole school community and drive continuous improvement in outcomes for all learners.

School Development Priority 1: To improve pupils' literacy skills, in particular writing
School Development Priority 2: To improve pupil attendance
School Development Priority 3: To develop effective teaching and learning that supports independence, active learning, engagement and progress
School Development Priority 4: To develop positive relationships
