

Dear Parents and carers,

Our construction work is coming to an end! However, from Tuesday 24th of March until we come back from Easter, the pedestrian gate from Old Road will have to close. Over these four days, the contractors will be laying tarmac in the new car park, in the turning circle and in the existing car park. As there will be a consistent flow of tarmac lorries and very heavy machinery being in use, we've had to take the difficult decision to close the gates off the Old Road to pedestrians. More information will be provided for Nursery parents with new dropping off/collection arrangements.

The gates from Stanley Road will all be open at the start and end of the school day to allow parents and children onto and off the school site.

If you need to access the school site outside of the normal times that the gates are open, please ring the school office and someone will come up and let you in. Thank you for your continued patience and understanding. The building work will be finished by the Easter holidays and the children will be able to enjoy their new play and learning areas.

T. Richards (Acting Headteacher)

Gates closed from Tuesday 24th to Friday 27th of March to pedestrians

Gates open at start and end of school day. To gain access during the school day, please ring the office and come to the single gate shown.
