New Access Arrangements from Old Road entrance

Our new carpark is finally open! If parents/carers and pupils are using the Old Road entrance at the start and end of the school day, you can come into the yard to reach the buildings using the ramp and either the gate near the new football posts in the Junior Yard if you're bringing a buggy, or to go through the gate just down the ramp and into our turning circle area and through down to the infant building via the steps.

Nursery pupils and parents/carers should also use the ramp and walkway shown in pictures 2 and 3 down to the Nursery building. No adults or children should be walking along the vehicle access road to the carpark area.

During the school day, the gate shown to the left in picture 5 will be open outside of play times for visitors to reach the school office. The gate at the bottom of the turning circle will be open for access to the Infant building and school office via the steps.
