

Our vision for Tonnau Primary Community School would enable our pupils to say:

I feel safe, respected and valued in school. I'm happy when my pages show what I really can do and I'm pleased for my friends when they are proud of their work too.

I do my best in class and try to learn something new every day. I use language and number to answer questions and I often use digital technologies in a safe and sensible way to help me.

I know the things I learn can help me solve problems in all sorts of different places, and I can use my skills by myself or as part of a group.

I can talk about where I live, what makes it special and how it's part of my country and the world. I know what happened here in the past and I can talk about how we can all try and keep our community safe, fair and eco-friendly for the future.

I can find ways to keep myself healthy and I know how to keep my mind and body active and busy.

I may not get all this right every time - but I know I can always ask for help and learn from my mistakes.

I know my school wants me to be *Conscientious, Considerate, Confident, Contemplative, Curious, Courageous, Creative and a Contributor.*

The School's Commitment

To Provide: -

- A broad and balanced education satisfying the National Curriculum.
- Access to a range of educational experiences in and out of school.
- An education based upon high expectations.
- Work which is appropriate to the age and ability of each child - **(We will complete a range of assessment activities to support our classroom practice e.g. Wellcomm in Nursery, spelling/reading, number assessments etc.)**
- A safe, caring, well-disciplined working environment.
- Parental consultation evenings and good home school links.

The Parent's Commitment

- Ensure attendance and inform the school promptly of any reason for absence.
- Ensure that the child arrives at school before the start of each session.
- To avoid removing the child from school for holidays (unless unavoidable for work commitments).
- Encourage and support the child's learning.
- Attend parental consultation evenings and any special appointments if requested.
- Support the school's behaviour and discipline policy.
- Consult with the school regarding any queries and concerns.
